

“News” webpage layout

(Incase there will be any workshop/event coming up, it will follow the same format)

1. Image	Text	2. image	Text
3	Text	4	Text
5		Text	

“Magazine” webpage layout

(This layout will apply for all the stories just as it is shown on the word doc. The text box for the text could not bend below the image but just look at the way I have written the content)

Title

1

Text

This section can overflow depending on the text available. if the text boxes in the articles can fail to work, then we can put image in those spaces just as they appear.
